MEDPACE

Heverlee, Belgium

Dear Hiring Manager,

Ref: Biostatistician

I am writing to express my interest in the Biostatistician position available on your website. I have an MSc. in Biostatistics (UHasselt) and a PhD in Statistics (KU Leuven). I have worked as a statistician in the pharmaceutical industry and also have transferable experience that will be useful for this role. I am interested in joining your esteemed team so that I can play a part in advancing human health both locally and globally.

I have a strong understanding of statistics from my training as well as my past experience. I have transferable skills including working in international, multidisciplinary and highly regulated environments (FDA, EMEA, GxP), providing statistical support for projects and DoEs. I also have skills in setting up, monitoring and analyzing projects that will be handy for this role. I am proficient in SAS/R statistical softwares and have working knowledge of CDISC. I would be delighted to expand my skills while at Medpace so I can play a part in the novel research you work in. I am immediately available and eager to learn and apply newer statistical methodologies as this specific position may require.

Accompanying this letter is my CV which enumerates skills that are relevant for the role. I would be delighted to be considered for an interview to learn more about this position and share my motivation for working with your team.

Sincerely,

Maaya, Leonard
