**DANISH CANCER INSTITUTE**

Capital region, Denmark

Dear Hiring Manager,

Ref: Statistician

I am writing to express my interest in the Statistician position available on your website. I have an MSc. in Biostatistics (UHasselt) and a PhD in Statistics (KU Leuven). I have worked as a statistician in the pharmaceutical industry and also have transferable experience from medical research and academic areas where I have acquired skills that will be useful for this role. I am interested in joining your esteemed team so I can play a part in lengthening the lives and welfare of cancer patients both locally and globally.

I have a strong understanding of statistics from my training as well as my past experience. I am immediately available, flexible and eager to learn and apply newer statistical methodologies as this specific position may require. I have transferable skills like providing statistical support on multiple projects both in academia and the industry, working in highly regulated, international, multidisciplinary and academic environments, setting up, monitoring and analyzing projects that will be handy for this role. I am proficient in R among other statistical softwares. I would be delighted to expand my skills while at the Danish Cancer Institute to play a part in the novel research you work in.

Accompanying this letter is my CV which enumerates skills that are relevant for the role. I would be delighted to be considered for an interview to learn more about this position and share my motivation for working with your team.

Sincerely,

**Maaya, Leonard**
