Senior RWE Statistician (FSP)

[Apply now »](#)**Date:** Nov 6, 2023**Location:** DE**Company:** Cytel Software Corporation

At Cytel, we work hard to create successful careers with significant professional growth for our employees, as a result of which they work hard to make Cytel successful. Cytel is a place where talent, experience and integrity come together to advance the state of clinical development.

Cytel's Functional Service Provider (FSP) department offers statistical programmers, biostatisticians and clinical data specialists amazing opportunities to work on client projects.

As a Real-World Evidence (RWE) Statistician you will support Cytel and a client of our Functional Service Provider (FSP) division's activities. You should have a solid background in statistics and at least some related experience.

Contributions may include:

- Planning, conducting and analyzing RWE studies, work on clinical or epidemiological studies may also be included.
- Contribute to Health Technology Assessment (HTA) related dossiers and activities as appropriate.
- Provide input to strategic discussions in cross-functional teams.
- Oversee programming activities, including specifications, detailed instructions, hands-on programming contributions and QC of programmers' (and other statisticians') deliverables
- Review and give input to documents, reports, publications as appropriate
-
- **What we are looking for:**
 - At least Master's degree in statistics or a closely related discipline.
 - Preferably 2+ years experience in RWE statistics or a related field
 - Understanding of RWE, HTA, Epidemiology and Drug Development from a statistical perspective
 - Strong operational, statistical and communication skill

- Strong SAS skills; R experience is desirable
- Constructive collaborative attitude
- Results-oriented with good ethics

What's in it for you:

- You will have the opportunity to play an integral role helping our clients and the industry shape the future of drug development and post-approval activities
- You will be part of an exciting new chapter in Cytel's history with high growth and opportunities to progress within the company
- Work in an environment designed for an entrepreneurial minded person with a lot of energy, ideas and courage for their implementation
- Work with and leverage the best and brightest minds in the industry

Cytel Inc. is an Equal Employment / Affirmative Action Employer. Applicants are considered for all positions without regard to race, color, religion, sex, national origin, age, veteran status, disability, sexual orientation, gender identity or expression, or any other characteristics protected by law.

Cytel does not accept referrals from employment businesses and/or employment agencies in respect of the vacancies posted on this site. All employment businesses/agencies are required to contact Cytel's human resources department to obtain prior written authorization before referring any candidates to Cytel. The obtaining of prior written authorization is a condition precedent to any agreement (verbal or written) between the employment business/ agency and Cytel. In the absence of such written authorization being obtained any actions undertaken by the employment business/agency shall be deemed to have been performed without the consent or contractual agreement of Cytel. Cytel shall therefore not be liable for any fees arising from such actions or any fees arising from any referrals by employment businesses/agencies.
