Dear Hiring Manager,

Ref: Development Statistician

I am writing to express my interest in the Development Statistician position available on your website. I have an MSc. in Biostatistics (UHasselt) and a PhD in Statistics (KU Leuven). I have worked as a statistician in the pharmaceutical industry and also have transferable experience from medical research and academic areas where I have acquired skills that will be useful for this role. I am interested in joining your esteemed team so I can play a part in your mission of sustainable improvement of animal health and welfare globally.

I have a strong understanding of statistics from my training as well as my past experience. I am immediately available, flexible and eager to learn and apply newer statistical methodologies as this specific position may require. I have transferable skills like providing statistical support on multiple projects both in academia and the industry, working in highly regulated, international, multidisciplinary and academic environments, setting up, monitoring and analyzing projects that will be handy for this role. I am proficient in R, SAS, JMP and Python statistical softwares. I would be delighted to expand my skills while at Dechra group to play a part in a sustainable and better animal health.

Accompanying this letter is my CV which enumerates skills that are relevant for the role. I would be delighted to be considered for an interview to learn more about this position and share my motivation for working with your team.

Sincerely,

Maaya, Leonard
